

Hello my name is Eric Vortasek,  
back in Sept of 2017 I got into a  
bad 18 wheeler wreck in Salt Lake City, Utah.  
the 18 wheeler hydro planed when it was  
raining real hard, so I hit the left  
median where front axle came off and hood to  
plus fuel tanks, then I hit the right  
concrete wall and came to a stop. I only had  
one tiny scratch on my arm, I was very  
lucky and God was watching over me. I came  
back to Mineral Wells about a week later  
where my ex wife found this organization  
and advise the owner took me in a

week later. In about a week I had a  
roof over my head, food, and job. I am so  
greatful for this organization, because  
without their help I would be living on  
the streets and jobless. They have done  
so much for me I can never thank  
them enough for their kindness.
